

Level 2

Karmic Baggage and Ancestral Challenges

This Module takes its cue from the longevity of certain trees and the energy of sacred plants that have a long history of working with humanity.

Using flower and plant essences combined with sacred geometry to provide simple patterns for unlocking hidden issues that prevent us from progressing.

We will work with:

Plant energies that enable us to link to multidimensional levels of our soul.

Tree energies and patterns of placement that release and heal.

Envisioning with sonic driving.

Unlocking unhelpful blocks in our personal patterns using essences and sacred geometry
Integration into the Now

Length of Courses: 1 day (5 CPD points)

Level 3

Repeating Patterns and Self-sabotage

These issues are identified and eased or released using a technique called Astro*K at the Astrology Association's Annual Conference in 1996. This was the conference that helped her to realise that few astrologers were interested in using astrology for healing, but many healers

were interested in finding ways to use astrology!

All healing modes within STAR are used for Level 3.

Working on the physical, emotional, mental and spiritual levels of being to:-
Identify the persistent patterns of self-sabotage

Identify appropriate modes by non-verbal means

Identify appropriate tools to deal with those patterns

Integrate into the Now

Participants will be expected to be able to use basic muscle-testing for this module. If you want to do this course and don't have the skill - don't worry. Please let us know so that we can arrange for a tutorial before the course date.

Length of Courses: 1 day (5 CPD points)

STAR

Simon and Sue Lilly have developed this course to provide an integrated approach to fulfilling spiritual potential.

Level 1—A&B
Karmic Direction and Collective Initiation Challenges

Spiritual Transformation And Reconnection

No matter what our physical issues or lifestyle situations, our primary desire is to be happy and feel fulfilled.

Many people find themselves being torn between opposites that seem to have no obvious resolution — like between the material world and personal aspirations or between a sense of duty and a need to be free to express themselves.

Using

Stones Trees

The weakening effect of the stress of being unable to find a peaceful balance and resolution should not be underestimated.

The issues that are hidden from us, those locked into our physical and emotional DNA, add to the stress and can underlie many of the difficulties we encounter as we strive to fulfill our potential.

Astrology Resonance

The modules of this course take you through a series of techniques using Stones, Trees, Astrology and Resonance, to integrate of all our areas of experience.

Level 1 and Level 2 are available to anyone.

Level 3 is provided for qualified therapists after they have completed Level 1

Length of Course: 1 day (5 CPD points)

B

This Module takes its cue from the natal astrology chart.

The Natal Astrology chart is a visual representation of the energetic toolkit we were born with. It shows the inherent skills and difficulties we bring ourselves to this life and those we have acquired from our forebears.

It also shows how to resolve many of the major issues we encounter in our lives, helping us to understand how we function and to develop a better sense of self-acceptance, self-tolerance and self-worth.

For this Module we will be using Stones with Astrology. You do not need to know the time of birth to make full use of this Module.
